

AAEM25 Benefits for EM Residents and Medical Students

Thinking about attending Scientific Assembly? Discover the multitude of benefits and opportunities available at AAEM25. Whether you seek to expand your knowledge, connect with peers, or advance your career, this event has something for everyone.

EDUCATIONAL SESSIONS

- **High-Quality Keynotes & Lectures:** Scientific Assembly offers a wide range of sessions to enhance your knowledge base covering all of the cutting-edge topics in emergency medicine, taught by the most well-known leaders in the field. Regardless of your niche interest, there is something for everyone
- **Dedicated Resident and Student Track:** Throughout the conference, we have special sessions tailored specifically for residents and medical students, ranging from career planning to financial literacy, preparing for resident applications and interviews, and so much more!

NETWORKING OPPORTUNITIES

- **Face-to-Face Interactions with Emergency Medicine Leaders:** Residents and medical students have the chance to meet and interact with renowned emergency medicine physician educators and thought leaders throughout the conference. This direct access is invaluable for building professional relationships and seeking guidance from experienced mentors.
- **Opportunities to Meet Fellow Residents & Medical Students:** AAEM25 offers several social events and opportunities for engaging with your peers on the same professional journey, important for fostering connections that can turn into lifelong collaborations and friendships.

INTERACTIVE WORKSHOPS

- AAEM has interactive workshops scheduled every day for residents and students wanting to improve their procedural skills. Past workshops have included **hands-on education** on advanced ultrasound-guided procedures, complicated vaginal deliveries, awake fiberoptic intubation, ventilators, and EKG interpretation.

RESEARCH EXPOSURE

- **Research and Poster Presentations:** AAEM offers **five** different research competitions throughout Scientific Assembly for residents and students. Whether you are presenting your own research or learning from others' work, AAEM25 offers several opportunities for exposure to the current trends and innovations in emergency medicine.
- **Opportunities for Publication:** Attending the AAEM Scientific Assembly opens doors for contributing to the emergency medicine literature. Learn how you can publish your work in a variety of AAEM publications, including *Common Sense*, the *Journal of Emergency Medicine*, and *Western Journal of Emergency Medicine*.

MIAMI EXPLORATION

Between sessions, make sure to explore the attractions that Miami has to offer! All of these places are conveniently located within a 10-20 minute walk from the Intercontinental Miami:

- **Bayfront Park & Amphitheater:** Enjoy breath-taking views of Biscayne Bay, unwind, jog, enjoy some outdoor yoga, or even attend a seasonal event or festival.
- **Bayside Marketplace:** Perfect for relaxing after a long conference day, this vibrant waterfront shopping center offers restaurants, bars, live music, and boat tours of Biscayne Bay throughout the year.
- **Perez Art Museum Miami:** This contemporary art museum showcases modern exhibits and offers spectacular views of the bay.
- **Kaseya Center:** Just a short walk from the conference center, discover the iconic arena that hosts thrilling Miami Heat games and live concerts.
- **Philip and Patricia Frost Museum of Science:** Step away from the medical science scene to explore this unique museum featuring an aquarium, planetarium, and a plethora of interactive exhibits designed to visitors of all ages.
- **Mary Brickell Village:** A bustling area filled with boutiques, restaurants, and bars, perfect for a night out after the long conference day.
